Everything you need from Legend Life

Welcome to our 2021 catalogue which features new and exciting products as well as showing our range of products across all styles and categories. We've got the essential looks and innovative retail brand partnerships for endless marketing inspiration.

With a continued commitment to offering only the best products, Legend Life's brand partnerships give you exactly what you are looking for: premium quality, great looks, enhanced performance, value and our famous 100% quality guarantee.

So when you're trying to find a product to decorate with your brand, Legend Life presents you with loads of options that will do your brand justice.

You can do more with Legend Life - [Where Brands Live](#)

Legend Life

WHERE BRANDS LIVE

THE HOME OF

100% Product Quality Guarantee

We demand the highest standards and ethics in our manufacturing. Our quality control process ensures our customers receive the best available.

Every item we sell is backed by our famous 100% product quality guarantee.

- The pictures of the items in our catalogue are not contractual. We reserve the right to change without notice, the product specifications or colours of any items in this catalogue.
- Decoration areas shown are approximate only. For full decoration information go to [legendlife.com.au](#)
- Any decoration sizes indicated in this catalogue are the maximum areas available and should be taken as a guide only.
- Whilst every effort has been made to ensure accuracy of colours in this catalogue, they should be used as a guide only due to the manufacturing and printing processes. Dye lot variations may occur.
- All orders are subject to product availability. We cannot be liable for delays due to material shortages, customs, shipping or acts of God.
- Logos or trademarks displayed on products in this catalogue are for the purpose of showing our capabilities only. These designs are not available for sale to anyone other than when expressly authorised by the owner of such designs.
- Any accessories shown in this catalogue are not included in the price of the displayed goods unless stated.
- Please check your decorator's recommendations and specifications before ordering decoration on your product.
- Colours shown are computer simulations of material colours.
- This catalogue is subject to copyright. Reproduction in whole or in part for publication by conventional or electronic means should be sought from us.

Decoration

LegendLife has access to a team of decoration specialists who will execute your product branding using a range of leading edge decoration techniques.

Supacolour

Icon represents that the product can be decorated with this process.

Supacolour is an innovative method of branding a wide range of products with crisp, vibrant, full-colour graphics. This state of the art technology provides the ability to print and apply highly detailed logos and graphics while being very cost effective.

Embroidery

Icon represents that the product can be decorated with this process.

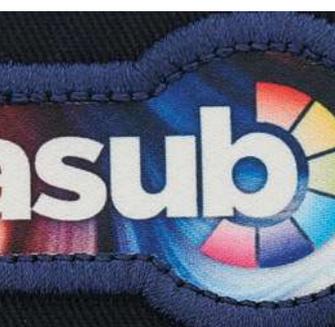

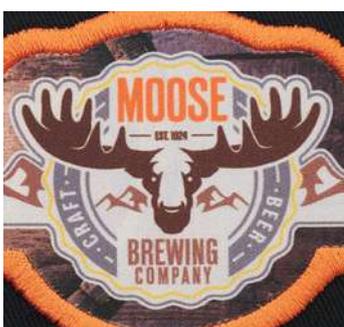

High density decorative stitching on fabric that evolved from hand-work to today's high-speed, computerised multi-head machines. With state of the art embroidery equipment, thread and digitizing software, embroidery artwork can be applied on a wide range of products.

Supasub

Icon represents that the product can be decorated with this process.

Supasub is the solution for replicating full colour logos on hard to decorate products such as Beanies, Scarves, Blankets and Jackets. It is a sublimated patch sewn down onto the product, allowing for the logo to be in full colour, with fine detail. Supasub can also be an alternative when wanting to achieve a badge look and feel without the budget for embroidered badges.

Decoration

Supaetch

Icon represents that the product can be decorated with this process.

Supaetch is a laser-etched Suede Patch sewn directly onto a wide range of products such as Bags, Blankets, Caps, Beanies and Scarves. Coming with a range of suede colours to use as the base it provides a flexible option to your decorating.

Supaetch showcases both the product and brand in a professional manner with a high perceived value.

Supaflex

Icon represents that the product can be decorated with this process.

Supaflex is a new branding option that expands on our great range of patches. Printing high detail logos onto vinyl with either a matte or gloss finish and attached with embroidery for a quality result.

Perfect for Caps, Bags, Beanies and Scarves, Supaflex provides a fast turnaround and a simple to use pricing structure.

Sublimation

Icon represents that the product can be decorated with this process.

Sublimation or Dye Sublimation is a printing transfer process which uses heat sensitive sublimation inks to permanently dye synthetic fabrics producing a full colour, bright and crisp image.

We offer a range of Towels that can be Sublimated edge to edge meaning you can have an entire beach towel or a gym towel completely covered in any image, logo or design.

The only limitation is your imagination.

Screenprinting

Icon represents that the product can be decorated with this process.

A printing technique that uses a woven mesh to support an ink-blocking stencil directly to the surface of the product. It's the ideal decoration for a variety of fabrics and larger format applications. Generally used for 1 or 2 colour prints.

Durable and stylish, these adventure-ready bags keep the water out and your gear dry. The Stormtech range has a bag perfect for all your needs.

 STORMTECH®

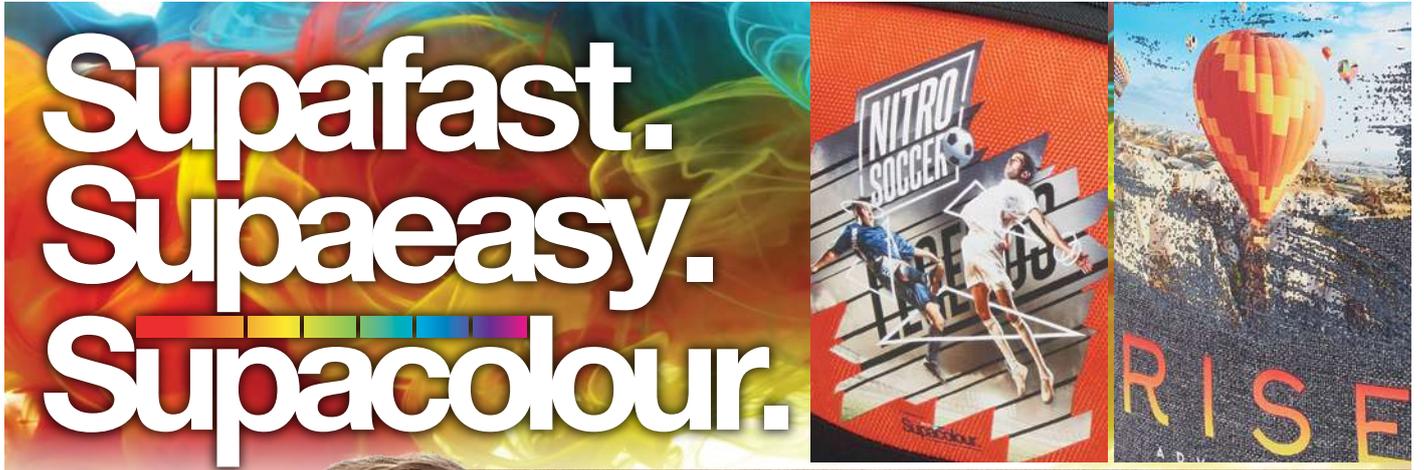

The Best Brands

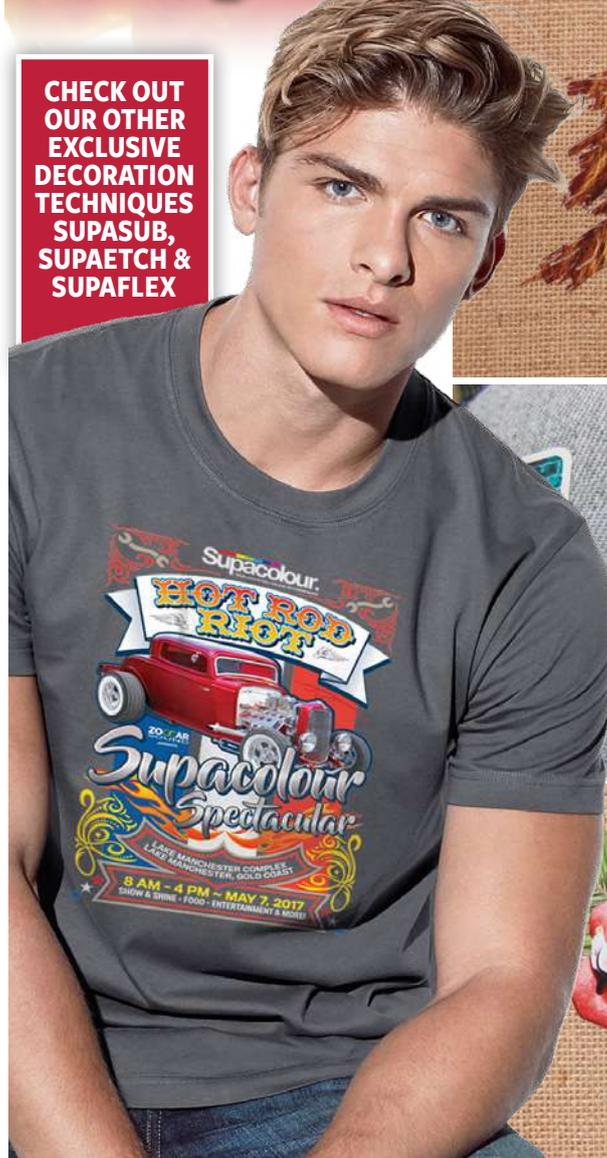

Legend Life offers a range of respected, recognisable brands backed by industry-leading sales, service, decoration and support.

Branded promotions demonstrate that only the best will do for your brand, for your customers and for your employees.

So when you're trying to find product to decorate with your brand, Legend Life presents you with loads of solutions that will be the perfect way to present it.

Umbra
COLLECTION

No matter the elements you expect to face: rain, wind or sun; Umbra have the umbrella solution for you.

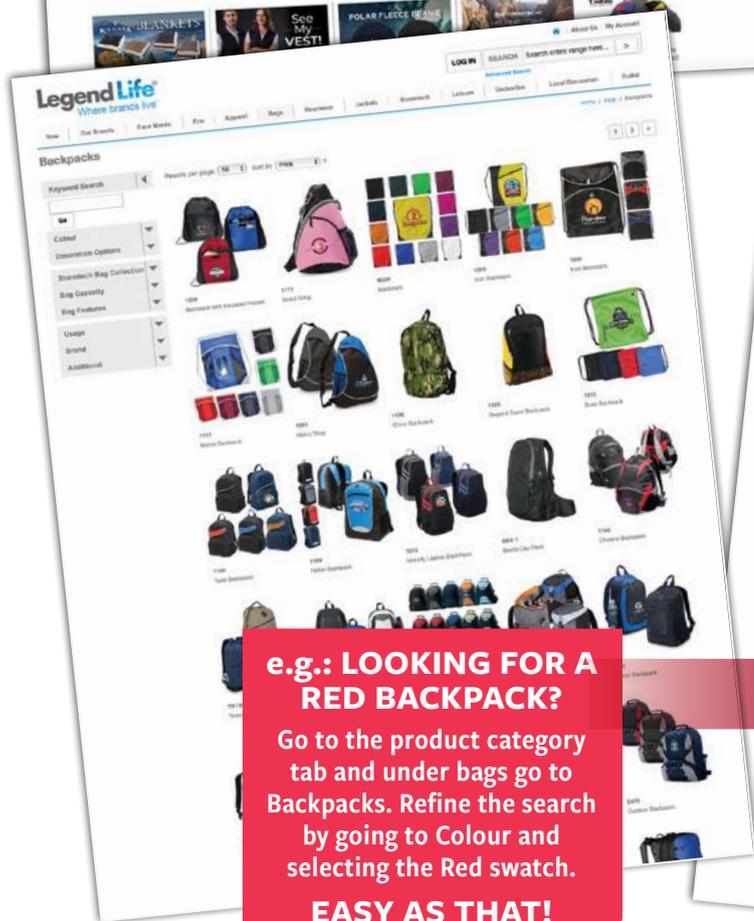

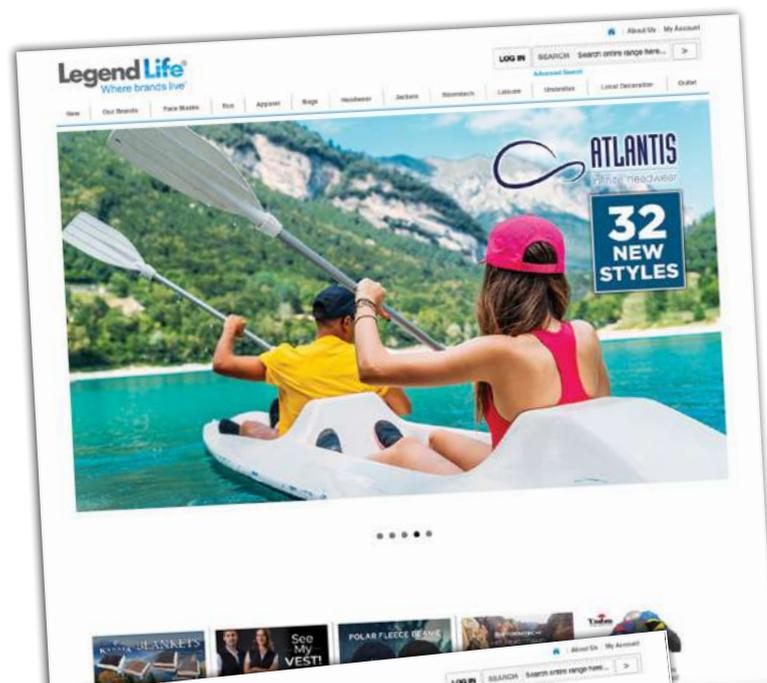

Maintain your image.

Can't find what you're looking for?

The Legend Life website has been redesigned to provide an improved user experience.

Take advantage of the search and filter capabilities to find your perfect product. The advanced search allows you to filter by colour, category, usage, brand, key product features and even by decoration type.

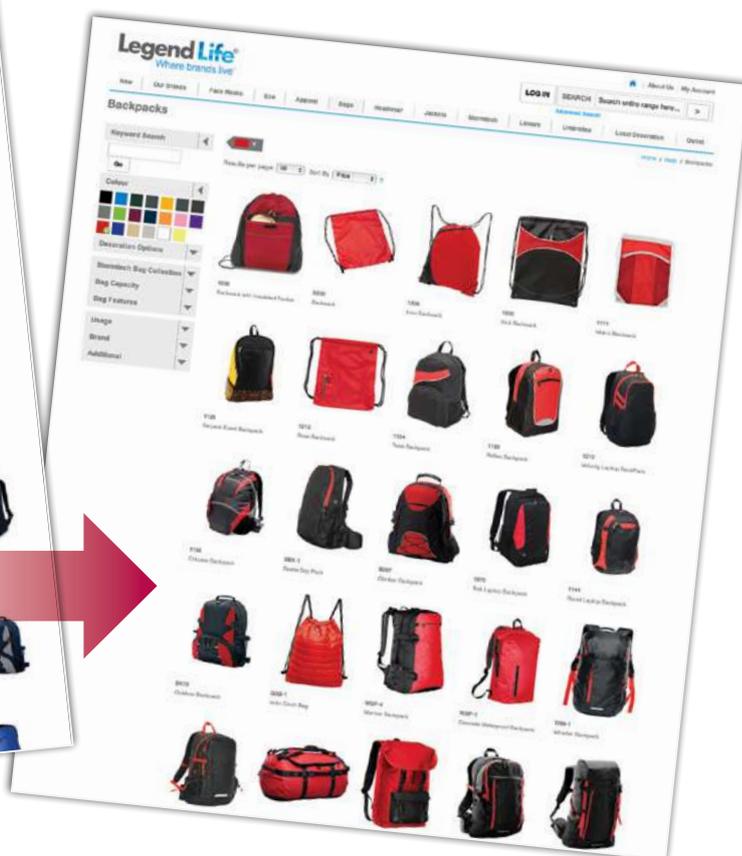

Along with improved navigation, product pages and downloadable assets including images and information sheets, you will find everything you need on legendlife.com.au

e.g.: LOOKING FOR A RED BACKPACK?

Go to the product category tab and under bags go to Backpacks. Refine the search by going to Colour and selecting the Red swatch.

EASY AS THAT!

Many other time-saving features available to refine your search.
Flexible and helpful, our website can help you everyday ~ 24/7

www.legendlife.com.au

Imagine the possibilities

We are the high volume specialists. Our team of experts can partner with you to create inspired products that meet your customer's exact needs. Let us simplify the process, saving you time and money.

Create a one-of-a-kind product (or whole range) as unique as your customer's brand. We make it easy - from concept to completion. We help navigate the process for you with our unsurpassed service and quality, where we offer design and build capabilities, expertise in compliance management and a dedicated team experienced in the custom process.

Dye Sublimation

Sublimation is a printing transfer process which uses heat sensitive sublimation inks to permanently dye synthetic fabrics.

The process, which is called "Dye Sublimation", involves the use of a special heat sensitive dye to print your design onto paper. The printed paper is then placed with the synthetic fabric into a heat press and pressed for a pre-determined period.

The sublimation cycle transfers the design from the paper to the fabric. Sublimation is always done on white synthetic materials and at high temperatures.

As the sublimation process actually dyes the fabric, the colour is "in" the fabric and not on top, as is the case with traditional screen printing methods. This gives a much better feel to the product, as well as colour fastness and the ability to print unlimited colours.

As only white fabrics are suitable for sublimation printing, any "white" that you see in a sublimated design will actually be unprinted fabric.

Sublimation gives you the ability to create colourful, long lasting designs on these products - so get creative!

Maybe you know exactly what you want, or maybe you're looking for new ideas. Either way, at **Legend Life** you'll find a solution right here. We'll work just as hard as you do to make your brand look great.

Legend Life®

Where brands live™

DECORATION ICON LEGEND

Look for these icons throughout the catalogue that indicate the recommended decoration for that product.

Supacolour

If you have a multi-colour, photo or even single colour artwork, Supacolour is the answer. Supacolour provides vibrant, crisp graphics whilst being very cost effective.

Embroidery

This traditional method of decorating products with high density stitching on computerised multi-head machines is a popular favourite.

Supasub

Provides the solution for replicating full colour artwork on hard to decorate products. It is a sublimated patch which is then sewn directly onto the product.

Supaetch

Supaetch is a laser-etched Suede Patch, that comes in a range of colours, which is then sewn directly onto a wide range of products.

Supaflex

A branding option that expands on our great range of patches. Printing high detail logos onto vinyl with a matte or gloss finish and attached with embroidery for a quality result.

Screenprint

A technique that uses a woven mesh to support an ink-blocking stencil directly to the surface of the product. Perfect for 1 or 2 colour prints.

Laser Engraving

Laser engraving gives your logo a clean appearance by precisely etching it onto the material's surface.

Sublimation

A printing transfer process which uses heat sensitive sublimation inks to permanently dye synthetic fabrics producing a full-colour, bright image.
